The DoD is removing Social Security Numbers from ID cards.

To protect your privacy and personal identity information, your Social Security Number (SSN) is being replaced with a DoD ID Number on all ID cards.

ID Card Changes:

- **SSNs will no longer be printed** on any new DoD ID card issued.
- Your new ID card will have a **DoD ID Number** in place of your SSN.
- Your DoD ID Number will be used as the **Geneva Conventions serial number**.
- There will also be a **DoD Benefits Number** printed on your new ID card to use if you are eligible for DoD medical benefits.
- ID cards with an **expiration date** will not be issued or replaced until you are **within 90 days of expiration**.
- ID Cards with an **INDEF expiration** date displaying an SSN may be **replaced at any time**.
